Guests:

**REGULAR MEETING - *Call to order***

**PLEDGE OF ALLEGIANCE**

**INVOCATION PRAYER – Darrell Bostic**

***NEW BUSINESS:***

### **1. CONSENT AGENDA**

Being regularly considered by the City Council, these items will be enacted by one motion unless requested by a City Council member that one or more items be removed for separate discussion: Minutes from October 27, 2025, City of Potlatch bills and payroll.

***Darrell Bostic made a motion to approve the Consent Agenda, Dave Cada seconded the motion. The motion was approved with a roll call vote:***

***Jennifer Anderson, yes***

***Dave Cada, yes***

***Darrell Bostic, yes***

### **2. RESOLUTION 2025-10-31 ALL HAZARDS MULTI-JURISDICTIONAL MITIGATION**

Resolution 2025-10-31, a resolution supporting participation in the all hazard multi-jurisdictional mitigation planning process and adoption of the All Hazards Multi-Jurisdictional Mitigation Plan.

*Resolution 2025-10-31 was introduced by Jennifer Anderson who moved for its adoption, the motion was seconded by Darrell Bostic. The motion was approved with a roll call vote:*

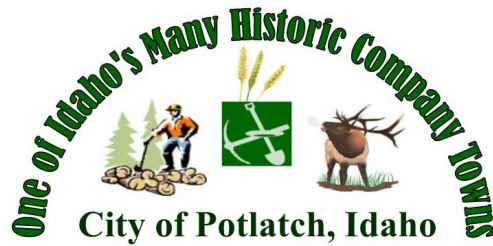

*Jennifer Anderson, yes*

*Dave Cada, yes*

*Darrell Bostic, yes*

### **REPORTS:**

1. **Parks – Jennifer Anderson**– No report.
2. **Pool & Cemetery – Darrell Bostic** – No report.
3. **Water & Sewer – Dave Cada** – Dave believes we are water rich and have some of the most pure water in the Palouse. Seventeen million years ago a lobe of magma blocked out the Columbia River and the water backed up to create a lake. The magma formed basalt and the lake left silty water on top. We are possibly using this water left from this time when the area was hot and humid. Dave still advises that the city look at drilling waster closer to the city center as drilling again at the Ridgewell would be redundant and it would be better to have a new source of water than redundancy. Mayor Brown mention city engineer, Tom Moore, has reached out to a new hydrogeologist to work with the city on locating the best place for a new well.
4. **Streets – Marty Anderson** – Absent
5. **Scenic 6 – David Cada** – No report.
6. **Mayor – David Brown** – The walking path at Scenic 6 Park was repaired and cracks filled. It looks really good now.
7. **Maintenance – Paul Kilborn** – Paul would like new lights for the train and city float. Mayor Brown said there are plenty of lights, take what you need.
8. **Clerk-Treasurer – Harmony Nowack** – Alerted Council to some new address changes on North Ponderosa Drive. Harmony has been working with the County and the new 911-rollout. The addresses on North Ponderosa Drive were not sequential and new lots had been sold needing to be addressed. Three residences will have their addresses changed in order to

accommodate the new lots and make sense for emergency services. Emergency services will be notified that part of North Ponderosa Dr has been vacated and will be routed accordingly.

**Public Comment:** Karen Rohn wanted to let the city know that they are working on a project to fix the drainage issue under the train depot. Palouse Valley Septic has been hired to dig drain lines going south from the depot that will possibly cross city and Bennett railroad lands. The Historical Society and WI&MPG are also working to bring Return to Riverside to the depot for next years summer concert. They want the focus to be on the depot. The blue train car will be used as a stage and the parking lot will be the space for the audience. Karen was hoping the city would still bring the bleachers and help keep the parking lot clear leading up to the event. More information to come as they continue planning the event.

***Darrell Bostic made a motion to adjourn the regular meeting, Jennifer Anderson seconded the motion. The meeting was adjourned at 7:50p.m.***
